

SUJAY MOHITHE | [Portfolio](#)

SOFTWARE TECHNICAL SPECIALIST (FRONT-END FOCUS)

Munich 80335, Germany | sujaymohithe@gmail.com | +49-15510226270 | [LinkedIn](#)

PROFILE

Competent Software Engineer with over 12 years of experience in the IT industry, specializing in frontend and full-stack web application development using modern technologies and Agile methodologies. Proven experience developing production-grade applications using React, Next.js, TypeScript, Angular, and .NET.

PERSONAL STATEMENT

- Strong expertise in React, Next.js, Angular and TypeScript, with deep knowledge of frontend architecture, state management (Redux, TanStack Query), and performance optimization. Familiarity with building cross-platform mobile applications using React Native, Ionic, and Capacitor.
- Proven experience designing and implementing RESTful APIs in .NET and Node.js environments, including real-time communication using WebSockets.
- Extensive experience in data visualization using libraries such as Cytoscape, Vis.js, and D3.js for building interactive, scalable, and insight-driven graph and network visualizations.
- Skilled in simulating hardware devices and interfacing with real machines, leveraging communication protocols such as Serial Communication, Modbus, DBus, and WebSockets to acquire and process real-time data.
- Extensive hands-on involvement in deploying and managing web applications on Amazon Web Services (AWS), including EC2, S3, and Lambda. Proficient in containerization using Docker, orchestration with Kubernetes, and implementing CI/CD pipelines using GitHub Actions and GitLab CI.
- Strong commitment to delivering high-quality and reliable software, with a focus on quality engineering through comprehensive test coverage including unit testing with Jest, Vitest and integration/end-to-end testing using Cypress and Playwright.
- Strong expertise in HTML5, CSS3, Tailwind CSS, SCSS, and modern TypeScript/JavaScript, building scalable, reusable component-driven architectures. Experienced with UI systems such as Material UI and shadcn/ui (Radix), schema validation using Zod, and implementing secure authentication/authorization flows with OAuth2, Auth0, and MSAL in production environments

TECHNICAL SKILLS

Languages:

- JavaScript, TypeScript, C#

Frontend Frameworks, Libraries:

- React, Next.js, Angular
- Tailwind CSS, Bootstrap, Material UI
- Redux, Zustand, TanStack Query
- Zod, Shadcn/Radix UI
- Cytoscape, D3.js, Vis.js

Backend & APIs:	• .NET Core, ASP.NET MVC, Node.js • RESTful APIs, WebSockets • Windows Services, Windows Batch Jobs
Databases:	• SQL Server, PostgreSQL
Testing:	• Jest, Vitest, Cypress, Playwright (Unit & Integration Testing)
Documentation & UI Systems:	• Storybook, VitePress
Cloud & DevOps:	• AWS (EC2, S3, Lambda) • Docker, Kubernetes (hands-on experience) • CI/CD Pipelines, Monorepo Architecture
Authentication & Security	• OAuth2, Auth0, MSAL, SAP Identity Authentication Service
Markup & Styling:	• HTML, CSS, XML, SASS / SCSS, LESS, XSLT, XSD
Tools:	• Visual Studio Code, Visual Studio, IntelliJ, GitHub, GitLab, Bitbucket, Jira, Confluence, Postman, Fiddler

Professional Experience

Frontend Tech Specialist, Motius GmbH Munich, Germany	Sep 2022 to Present
Senior Frontend Developer, Cloudflight GmbH Munich, Germany	Jun 2020 to Jul 2022
Software Technical Lead, Accenture Solutions Private Ltd Bengaluru, India	Nov 2016 to Mar 2020
Senior Consultant, Capgemini Private Ltd Bengaluru, India	Mar 2013 to Oct 2016
Software Engineer, Infosys Technologies Bengaluru, India	Sep 2009 to Feb 2013

Education

Visvesvaraya Technological University Bachelor of Engineering, Bengaluru	2004 to 2008
--	---------------------

CERTIFICATIONS

- Microsoft Certified .NET MVC Web Application Developer
- Certified Agile / Scrum Professional
- Microsoft Azure 900
